

One quiet evening in 2025, Gandhiji stumbled upon something strange.....

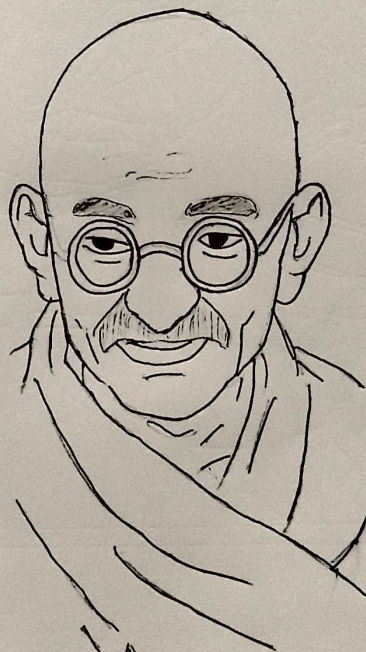

Students are restricting their own boundaries.

Trying to fit some kind of mold

Bright students..... struggling to follow an outdated system designed before smartphones even existed.

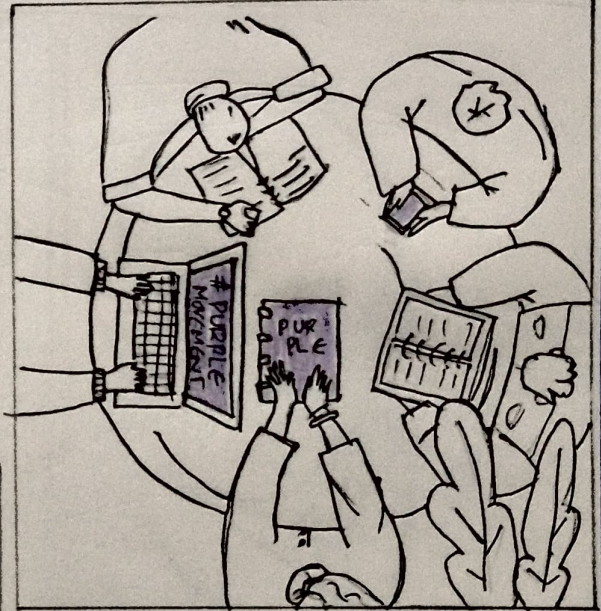

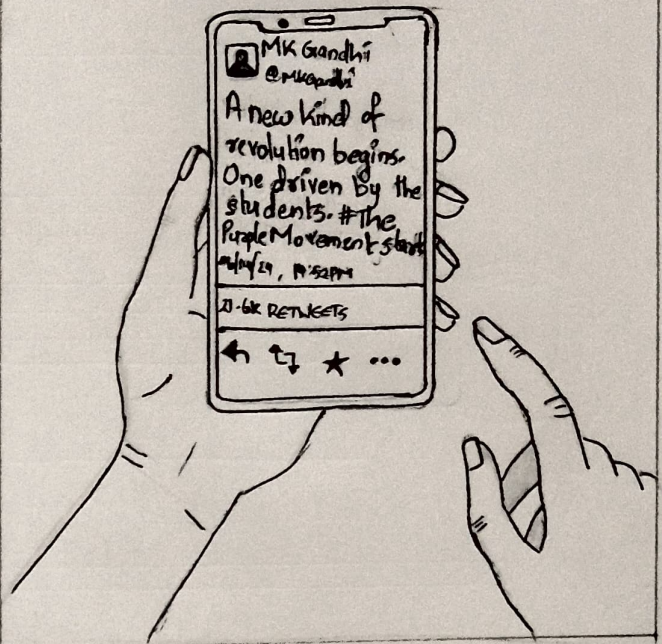

This is not laziness...
This is creativity trapped

We should break this box.

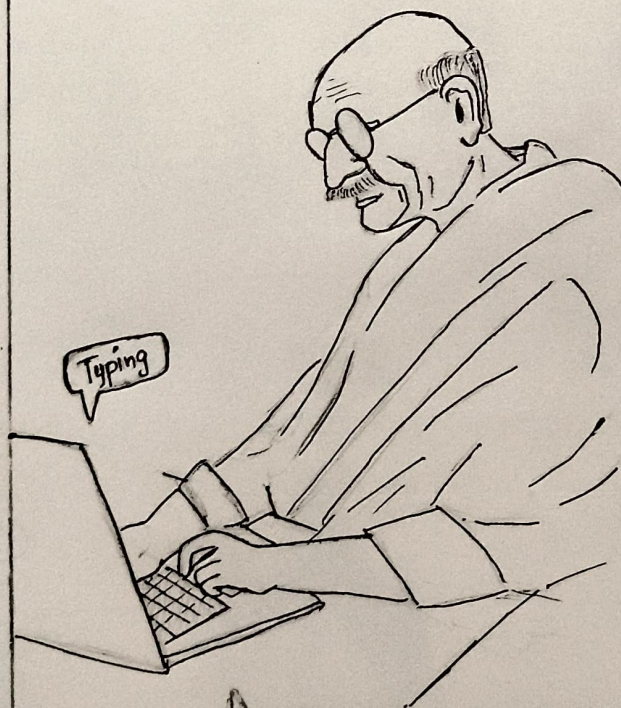

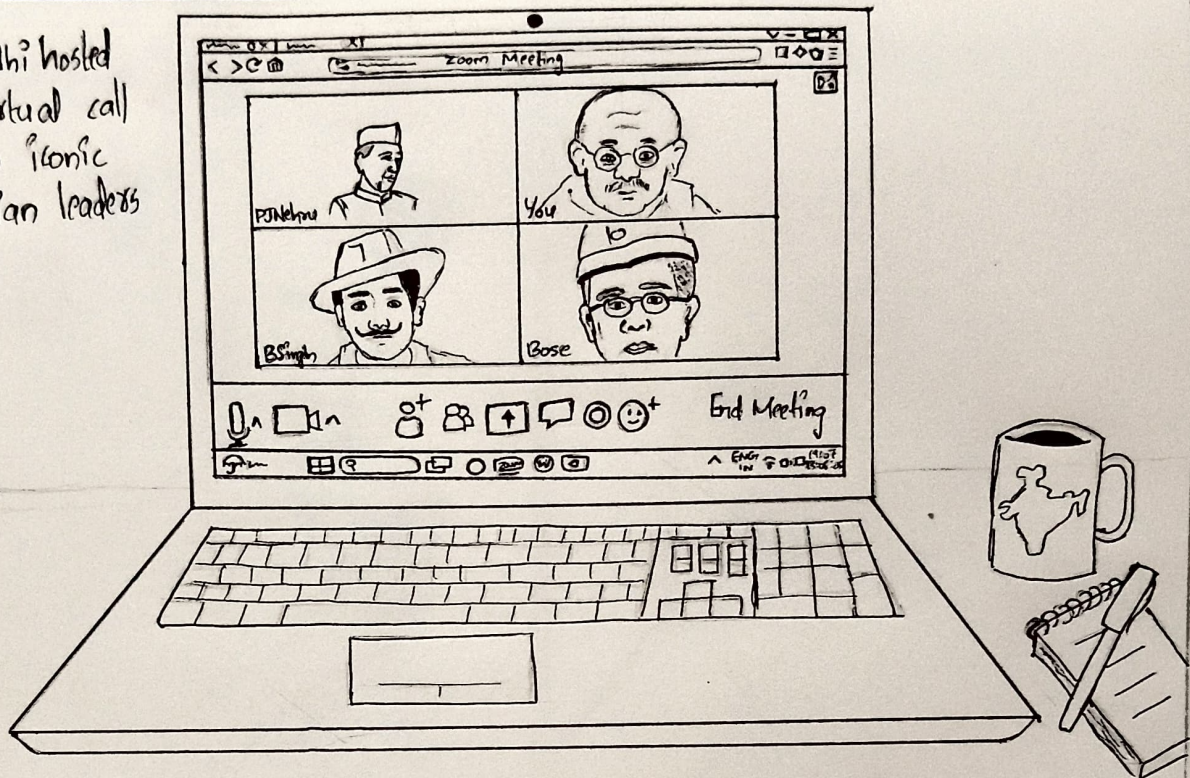

He knew what to do.

The internet paused -
and then exploded.

Gandhi hosted
a virtual call
with 'iconic
Indian leaders

Let's not fight this
system with fists, but
with ideas.

Time to light another
fire - This time in
minds

His meeting with other prominent
figures gave him a boost.

We broke silence once to gain freedom.
Now we break it to reclaim learning.

No Gatekeepers.

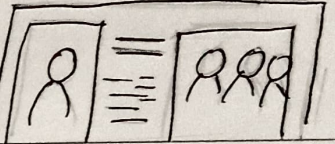

No Outdated books.

Just clarity, purpose and people
